# Introduction

Newfoundland Labrador Liquor Corporation (NLC) controls the importation, sale, and distribution of alcoholic beverages within the province of Newfoundland and Labrador under the authority of the Liquor Corporation Act, Liquor Control Act (LCA) and Liquor Licensing Regulations (LLR).

A primary responsibility of NLC, under the Regulatory Services department, is to oversee the administration of the law and ensure compliance with the legislation that governs the sale and distribution of alcoholic beverages. The functions associated with this line of business include: authorizing and issuing liquor licences, educating licensees and the general public, promoting compliance with the law through investigation and enforcement, and recommending legislative changes where appropriate. A key component of NLC's Regulatory Services' mandate is to facilitate and promote social responsibility in the sale and consumption of alcoholic beverages for all stakeholders in the province.

To that end, we have developed this handbook as a reference to assist you, the licensee. Please note that it is intended to be used solely as a learning and teaching aid for you and your staff and it does not replace the legislative authority of the Liquor Corporation Act, LCA, LLR or Smoke-free Environment Act. Wherever definitions, words or

expressions used in this handbook differ from the wording of the Liquor Corporation Act, LCA, LLR, or Smoke-free Environment Act the legislation shall prevail.

It is your responsibility as a licensee to ensure you and your staff are informed of the laws, regulations and any conditions affecting your liquor licence.

The relevant Acts and Regulations are listed below.

## **LIQUOR CORPORATION ACT**

## **LIQUOR CONTROL ACT**

## **LIQUOR LICENSING REGULATIONS**

## **SMOKE-FREE ENVIRONMENT ACT, 2005**

## ROLE OF NLC

NLC's Regulatory Services team is comprised of two units: the Licensing and Administration unit, which is responsible for issuing licences and responding to licensee inquiries; and the Regulatory Compliance unit, which is responsible for the inspection process and includes enforcement of legislation when violations are identified, as well as licensee education.

## ROLE OF INSPECTORS

Liquor Control Inspectors conduct regular inspections of all licensed premises to ensure they comply with the Liquor Control Act, Liquor Licensing Regulations and the Smoke-free Environment Act. These inspections are done by appointment and the Liquor Control Inspectors may conduct other unannounced inspections from time to time to monitor compliance or to follow-up on a complaint and/or report of questionable activity.

## YOUR ROLE AS A LICENSEE

All licensees are responsible for knowing and following the rules set out in the Liquor Control Act, Liquor Licensing Regulations, the Smoke-free Environment Act and the specific terms and conditions of their licence.

Please note that cooperating with Licensing and Administration staff and Liquor Control Inspectors will help ensure your licence is maintained in good standing.

# Types of Licences

# Operational Guidelines

## RESPONSIBLE ALCOHOL SERVICE: STAYING COMPLIANT WITH THE LIQUOR CONTROL ACT AND REGULATIONS

In order to ensure that alcohol is sold and served responsibly, the Liquor Control Act and Liquor Licensing Regulations are in place to govern the sale, service and distribution of alcoholic beverages in Newfoundland and Labrador. While it is encouraged for you to read and understand all of these laws, we have highlighted some key areas in the following section.

## SERVING INTOXICATED PATRONS AND PERMITTING DRUNKENNESS

Licensees shall not sell or supply liquor or permit liquor to be sold or supplied to any person who is, or appears to be, intoxicated. We understand that detecting intoxication can be challenging, especially when it affects so many individuals differently. Therefore, we have provided some guidance for all licensees in the section below. The higher the number of these indicators observed, the more confident you can be that the person is intoxicated and should not be sold or provided any additional alcohol.

## INDICATORS OF INTOXICATION

- The number of drinks that a person has consumed;
- An increase in the speed and rate of consumption of alcohol;
- Doubles being ordered as opposed to singles;
- The individual is loud, overly friendly, argumentative, bragging and/or using foul language;
- The person complains about the strength and price of drinks;
- The person makes irrational statements or is behaving irrationally;
- Is annoying other patrons and making sexual advances;
- Being careless with money;
- Buying drinks for strangers;
- Slurred speech;
- Drowsiness, falling asleep or nodding off at the table or the bar;
- Individual has difficulty keeping his/her head upright;
- Individual sways while seated or standing;
- Staggering, stumbling, having difficulty standing upright;
- Vomiting

## SERVE RESPONSIBLE NL

To assist in the responsible service of alcohol, NLC has partnered with Hospitality NL for the “Serve Responsible NL” program. This on-line program educates servers and managers, and changes views of alcohol service in the tourism/hospitality industry. For more information, or to complete the program, please visit [hnl.ca/training/serve-responsible-nl/](https://hnl.ca/training/serve-responsible-nl/).

## MINIMUM PRICING - UPDATED!

A standard serving size means: 341 ml of beer; 355 ml of a “ready to drink” beverage; 4 ounces of wine; and 1 ounce of spirits. As the holder of a liquor licence, you shall not:

- Provide free alcoholic beverages to a patron or guest on your licensed premises (see section on Sampling Events);
- Provide alcoholic beverages to a patron or guest on your licensed premises for less than **\$2.65** per standard serving inclusive of applicable taxes, or in a larger or smaller serving without an increase or decrease in the price in the same proportion as the increase or decrease in the volume of alcoholic liquor.

## PURCHASING UNDER LICENCE

All alcoholic liquor must be purchased from NLC or one of its designated Liquor Express Stores and all beer must be purchased from the Corporation, a Liquor Express Store or a brewer’s distributor. All alcoholic beverages must be purchased under your licence number and all invoices and receipts for such purchases must be retained.

## CONTRABAND ALCOHOL

Contraband alcohol includes alcoholic liquor that is not purchased, possessed, acquired, transported, stored or sold in accordance with the Liquor Control Act. Possession or sale of contraband alcohol may result in the permanent loss of licence.

## ALCOHOL LEAVING PREMISES

Once alcohol is bought for consumption at a licensed establishment, it must not leave the premises. If a licensee allows an individual to remove alcoholic beverages from the licensed footprint, it would be considered in breach of the Licensing Regulations.

## HOURS OF SALE AND CONSUMPTION

Alcohol can only be sold and consumed during the prescribed hours in the Regulations. The hours of sale are from 9:00 a.m. until 2:00 a.m. on Monday, Tuesday and Wednesday, and 9:00 a.m. until 3:00 a.m. on Thursday, Friday, Saturday and Sunday with consumption permitted one half hour after sale.

## MANDATORY EXIT

A licensee who is authorized to sell alcoholic beverages under a Restaurant/Lounge Licence or Lounge Licence must ensure that all patrons vacate the licensed premises by 3:00 a.m. on weekdays and 4:00 a.m. on weekends. Mandatory exit is not applicable to licensees that offer a full service food menu 24 hours a day on a regular basis.

## OVERCROWDING

Licensees shall ensure that the number of persons on the premises to which the licence applies, including employees of the licence holder, does not exceed the capacity of the licensed premises as stated on the capacity card.

# MINORS ON YOUR PREMISES

As per Section 47 of the Regulations, no one under the age of 19 is permitted on a licensed premises. However, there are circumstances when NLC may grant approval.

If you currently hold a Lounge, Restaurant/Lounge or Club licence and wish to have minors on your licensed premises, you must submit a completed application [nliquorcorp.com/doing-business-with-nlc/alcohol/alcohol-licensees/supplement-licences](http://nliquorcorp.com/doing-business-with-nlc/alcohol/alcohol-licensees/supplement-licences).

Upon receipt of required documentation, authorization may be granted by NLC to have minors on your licensed premises for the purpose of or when:

## **1 Consuming a meal between the hours of 9:00 a.m. and 8:30 p.m. and only in the company of a parent or guardian.**

Any licensee who obtains this level of permission will be issued a new licence identifying the new condition.

## **2 Attending a bona fide community function, when accompanied by a parent or guardian, while sale and consumption is taking place.**

If you host an activity which is part of a community function, and you wish for minors to attend while sale and consumption is taking place, permission may be granted provided you complete and disclose the Application for Approval for Minors on Licensed Premises.

## **3 Entertaining, provided the minor has written permission from, or is accompanied by, their parent or legal guardian.**

An entertainer who is under the age of 19 years is permitted on your licensed premises provided that the minor is accompanied by a parent/legal guardian,

or has a current letter of permission from their parent/legal guardian. It is your responsibility as the licensee to ensure the letter of permission is available at all times to be viewed by an NLC official or police officer. Once the entertainer is finished performing, they must leave the licensed premises immediately.

## **4 The minor is an employee of an emergency or essential service and is required to enter a licensed premises in the performance of his/her duties.**

In an emergency situation where a person under 19 years of age is required to be on your licensed premises for an essential service, that minor is permitted in the licensed premises in order to perform the essential service or to address the emergency situation. It is not necessary to obtain prior approval in this situation. It is your responsibility as the licensee to demonstrate an emergency exists or an essential service was required. The minor in question shall leave the licensed premises immediately upon completion of their work.

Should you, as the operator of a Lounge, Restaurant/Lounge or Club, rent or provide use of your facilities to various organizations (e.g., recreational leagues, Scouts, Girl Guides) on a regular basis, and no alcoholic beverages are available for sale and/or consumption, minors may be permitted on your licensed premises with the written permission of NLC. If, for example, every Monday, and Wednesday nights your facilities are being used by individuals or organizations that involve minors and you identify the days, date and location in your Application for Minors on Licensed Premises, a single letter of authorization may be issued giving approval, for up to a year, to have minors on the licensed premises during the dates and times identified. No fee is required.

## **6 Attending a function which is closed to the general public.**

In the majority of cases, functions which are closed to the general public are singular events. Permission may be granted provided you complete and disclose the Application for Approval for Minors on Licensed Premises.

## **7 Weddings**

Section 48(c) of the Regulations authorizes minors to be on a licensed premises to attend a wedding. No further authorization is required.

# Compliance and Enforcement

## INSPECTIONS

Liquor Control Inspectors are appointed and authorized to carry out the Liquor Control Act. This is accomplished through conducting scheduled inspections of all licensed premises to ensure compliance with the Act and Regulations. Inspections are generally prearranged with the licensee. Inspectors may also conduct unannounced visits to monitor compliance or follow-up on a complaint or report of questionable activity.

Should a Liquor Control Inspector determine that a licensee has failed to comply with the Liquor Control Act, Liquor Licensing Regulations and/or the Smoke Free Environment Act, the Inspector may issue an unsatisfactory inspection report in the form of a receipt, explaining the violations identified. This receipt is signed by the licensee and a copy is left with this person at the time of visit.

### **Contraventions include, but are not limited to:**

- Sale to Minors
- Minors on Premises
- Sale and Consumption after hours
- Contraband
- Removing alcohol from licensed premises
- Serving to the intoxicated and permitting drunkenness
- Overcrowding
- Mandatory exit (before/after hours)
- Failure to purchase liquor under licence number
- Sale not in original container
- Purchasing practices

## NON-COMPLIANCE CONSEQUENCES

If an Inspector concludes that enforcement action is warranted, one or all of the following measures may apply:

- Unsatisfactory Inspection Receipt issued
  - Contraventions of minimal consequence may be handled at the Inspector's discretion by working directly with the licensee to remedy the matter. An Inspection Receipt will be issued outlining the details.
- Letter of Warning:
  - If the contravention is more serious in nature, or if it is a repeat offence, a Letter of Warning may be issued.
- Referral to NLC Tribunal and/or Charges laid in Provincial Court of Newfoundland and Labrador:
  - If the contravention is significant, Inspectors may consider pursuing charges in Provincial Court of NL and/or a hearing of the NLC Tribunal.
- Suspension of licence:
  - An Inspector shall immediately suspend a licence when failure to act would result in danger to life; the duration of such a suspension shall only be that period necessary to ensure that the licensed premises is operating in a manner satisfactory to the Inspector. In circumstances governed by Section 46 of the Liquor Control Act, the suspension must be ratified by the NLC Tribunal within 48 hours.

## LICENCE FILE REVIEWS

Once a year Liquor Control Inspectors conduct file review inspections of all licensed establishments to ensure licensee information is current and accurate. Other issues include updated:

- Floor plans, drawn to scale with measurements
- Certified copy of Notice of Directors (Form 6)
- Current copy of the lease or proof of ownership of the licensed premises

Inspectors will complete a risk assessment of each licensed premises during this file review to determine a risk ranking which will help define the frequency of future inspections. This will be discussed directly with the licensee.

If you have any questions or concerns, take the opportunity to discuss them with your Liquor Control Inspector when they visit your establishment.
